

Induction Sealing Solution Creator

Induction Cap Sealer

OSTS 1000 / 1000A

Manual Type

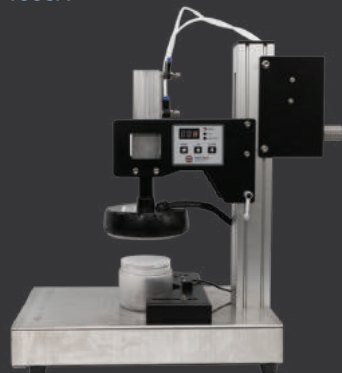

Induction aluminum foil sealer made in Korea is designed to seal convenience / stability / durability based on the modular structure. This product can be used conveniently in all kinds of bottle.

In particular, it is a model suitable for small and medium-sized business and laboratories that produce small quantity in the various sealing size.

OSTS 1000

OSTS 1000A

INCL

Generator

Sealing head

- Tunnel (Under dia. 20mm)
- Small (Dia.20 - 55mm)
- Large (Dia.55 - 120mm)

Stand (Sensor Guide)

Apply

Food & Dairy
Beverage
Pharmaceutical
Bio & Helathy

Cosmetic
Agri-chemical
Lubricant
Glass / Ceramic / Paper

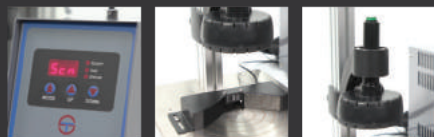

Benefits

Durability 5 - 10year
Production 10 - 15bpm
Ability Easy operation

Head Easy changable
Operation Button / Sensor / Foot switch

Specification

Input 220V, 1Ph / 50-60Hz / 5Amps
Output 1KW
Frequency 40 - 70KHz
Size W,140 x D,350 x H,210 (mm)
Weight 12 kg

Induction Cap Sealer

OSTS 3000A / 5000A

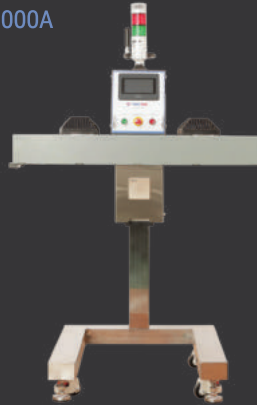

Automatic

Induction aluminum foil sealer(Air-cooled) made in Korea is designed to cover automatic production line. Its modular structure make user free in production & Sealing. Adopting the innovative coil turning technology, All in one sealer is no more need head exchange on sealing the various bottle size and on production speed. Model 5000A is adopted newly developed technology and high production speed of over 200 bpm.

Part

Generator
Sealing head

- Tunnel
- Flate

Mobile Stand (SUS)
Conveyor (Option)

Apply

Food & Dairy
Beverage
Pharmaceutic
Bio & Helathy

Cosmetic
Agri-chemical
Lubricant

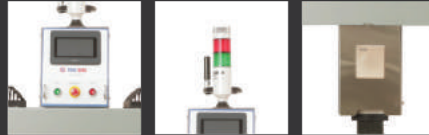

Benefits

Head Coil Turning type
Production 100 / 200bpm
Sealing dia. 20mm - 120mm
Digital / Display Power / Time

Head 400mm Up & Down
Missing foil sensor & Buzzer
Conveyor & rejector Option

Specification

Input 220V, 1Ph / 50-60Hz / 15Amps
Output 3KW / 5KW
Frequency 40 - 70KHz
Size W.600 x D.450 x H.600 (mm) / OSTS3000A
 W.700 x D.600 x H.600 (mm) / OSTS5000A

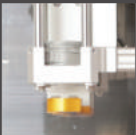

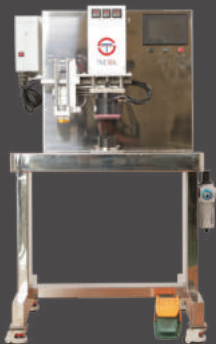

Induction Capless Sealer

TODA 1000CL

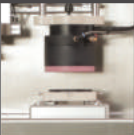

Semi - Automatic No-Cap Sealer

Induction No-Cap Sealer made in Korea is specialized on perfect sealing without error. It is can seal the bottle without cap in easy and accurate in production. It has advantages to check the status just after sealing bottle and to seal the various bottle with easy change and fast time. The suitable system for perfect sealing without error.
